Post Muscle Relaxants

It is recommended that you attend a review appointment in 2 weeks so your clinician can assess your treatment outcome.

It can take 3 - 7 days to see results.

Best results can take up to 2 weeks.

Results usually last 3 - 4 months.

Following treatment, please:

- Avoid rubbing or massaging the treated area.
- Remain upright for 4 hours after the injection.
- Avoid intense exercise or activities involving heat production for 24 hours.
- Avoid restrictive headwear or goggles for 24 hours.
